Fast and effective support – live via video

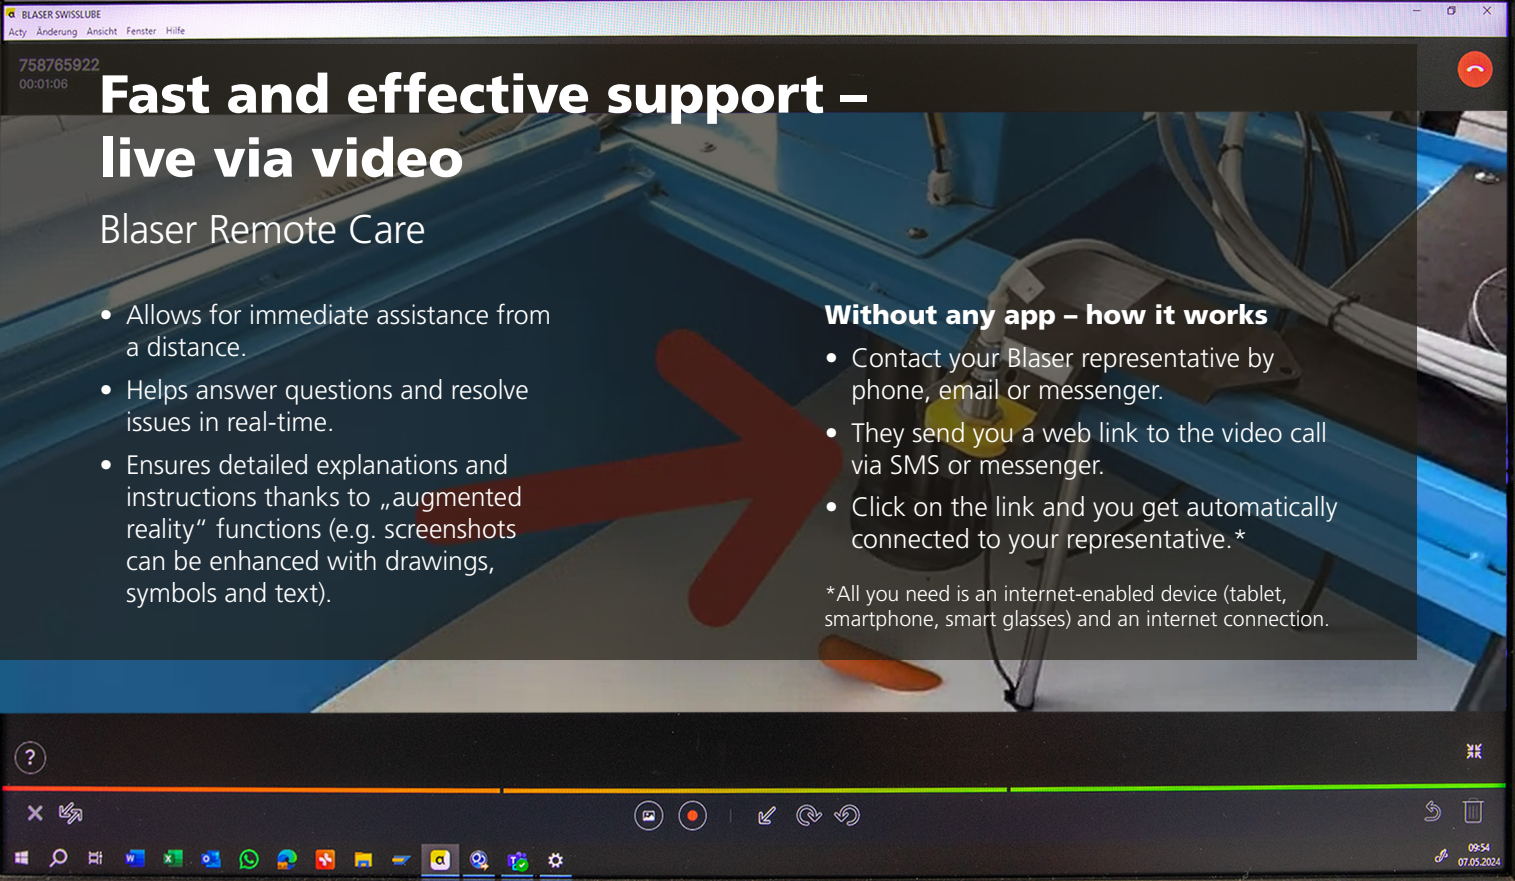

Blaser Remote Care

- Allows for immediate assistance from a distance.
- Helps answer questions and resolve issues in real-time.
- Ensures detailed explanations and instructions thanks to „augmented reality“ functions (e.g. screenshots can be enhanced with drawings, symbols and text).

Without any app – how it works

- Contact your Blaser representative by phone, email or messenger.
- They send you a web link to the video call via SMS or messenger.
- Click on the link and you get automatically connected to your representative.*

*All you need is an internet-enabled device (tablet, smartphone, smart glasses) and an internet connection.

Profit from our knowledge and experience.

You describe and show your issue via video call.

Your Blaser representative supports you remotely.

If necessary, additional experts can be called in.

Benefit from our unique Liquid Tool™

Productivity, economic efficiency and machining quality are factors that critically depend on the choice and the quality of your metalworking fluid.

With our profound know-how and experience, customized services and excellent products, we help you fully capitalize on the potential of your machines and tools and turn your metalworking fluid into a key success factor – a Liquid Tool.

Contact us. It's worth it.
