MasterCut Tool Corp.

Our Liquid Tool. Your Success.

# For precision grinding – whatever industry, machine or material.

## Blasogrind GTM 4

- Performance-optimized formulation
- For a wide range of materials including carbide, HSS, stainless steel, hardened steel, and ceramics
- Minimized cobalt leaching
- Good wetting and rinsing behavior for easy-to-clean workpieces and safe coating
- Good machine/polymer compatibility and filterability
- Excellent aging stability

### Gas-to-liquid technology (GTL)

Comprehensive range of tried-and-tested high-performance oils

- Optimal cooling thanks to fast air release
- Colorless and transparent for a clear view of the grinding process
- Odorless for a pleasant working environment
- Minimized misting and foaming

## For a wide range of industries and grinding systems

Compatible with a variety of precision grinding machines and filter technologies (e.g. centrifuge, edge, cartridge)

Medical implants and instruments

Cutting tools

Forming tools and ceramic dies

### Product data

Viscosity at 40 °C	4 mm <sup>2</sup> /s
Flash point	147 °C
Copper corrosivity	1a (3 h at 60 °C)
Color	Colorless (ASTM 0.5)

**Test us. It's worth it.**
